Conduct at Meetings

Participants agree to follow the facilitator's guidance regarding conduct at meetings and agree to adhere to the following guidelines:

- Be on time.
- Listen as an ally, not as an adversary. Listen with an open mind and heart.
- Speak one at a time; interruptions and side conversations are distracting and disrespectful.
- Be concise. Speak only once on a particular issue, unless you have new or different information to share.
- Ask for clarification; do not assume you know what someone means.
- Disagree respectfully and openly, not in private.
- Focus on the issue, not the speaker.
- Treat each other with respect as you would like to be treated.
- Allow all members to participate equally; avoid dominating.
- Honor time limits.
- Turn off all beepers and cell phones; take or make all calls outside the room.
